Dear UA Community

As the college works with the ongoing implementation of the President's Executive Order regarding immigration, I would like to share the University of Alaska's ongoing commitment to the well-being of our faculty, staff, and their families. And more importantly, I would like to share our commitment to the ongoing exchange of ideas and information from all over the world.

We are concerned about the well-being of our faculty and staff who may be affected by the ongoing immigration policies. Although we may seem to be small in our impact, we are committed to the ongoing exchange of ideas and information from all over the world.

The university is committed to the ongoing exchange of ideas and information from all over the world. We are committed to the ongoing exchange of ideas and information from all over the world.
